

ZURICH ART WEEKEND 2020

SEPTEMBER 11TH, 12TH AND 13TH

LEAD PARTNER

 MIRABAUD

Welcome to the 3rd edition of Zurich Art Weekend, the three-day event reuniting the major art venues and organisations of Zurich.

The annual event traditionally opening in June, is this year taking place from Friday September 11th to Sunday September 13th, 2020, as a result of the pandemic.

Collectors, curators, artists and art lovers are invited to discover solo and group shows presented in 50 public and private art institutions, galleries and off-spaces of Zurich, and to attend the rich program of events happening over the entire weekend.

Join us for exhibition openings, guided tours, art walks, performances, meeting with artists, talks and panel discussions, cocktails and more. A program of online only curated projects will run in parallel to the on-site events, enabling encounters with artists and key players of the art scene. Be reassured that all events are organised in respect of the strictest protective COVID-19 regulations.

**We look forward to welcoming you.
Enjoy the city, enjoy the show!**

 **MIRABAUD**

Thanks to its lifelong independence, Mirabaud can support you in your ambitions and ventures. For 200 years, we have been thinking about the present. www.mirabaud.com

47 INNEN

Little Warsaw: Seems Exhibition Opening + Book Launch / Signing
 Fri, Sept 11, 17:00–21:00

innen is an independent publisher promoting Swiss and international contemporary artists, offering unconventional perspectives on art and contemporary trends. Founded by Aaron Fabian in 2006, innen has gradually gained prestige with its uniquely charming Zines and Books. In 2010 innen launched Zug Magazine, a biannual collection of selected contemporary artworks. Zug proved to be a great bridge builder between Swiss and foreign artists, and continually widens its audience by raising attention to novelty trends.

innen appreciates artistic freedom above all, that's why each publication is a momentary picture book of personal, subjective depictions of our culture. In 2017 innen opened the Space / office at Haldenbachstrasse 9, Zürich experimental Space for exhibitions and book launches. innen publications have been exhibited at Kunsthalle Zürich, Art Metropole in Toronto, Swiss Institute in New York and at MoMA Library.

48 NEVER STOP READING

Simone Kappeler. America 1981
 Sept 3 to Oct 3, 2020

Swiss photographer Simone Kappeler presents a collection of photographs she took in 1981 on a road trip through America—a country much different to today's reality. With a Hasselblad, with a Polaroid and with a number of cheap cameras she took snapshot-like images, unselfconsciously whenever a motif sprang at her. The photographs reflect a direct and unrestrained manner, they tell of immediate sensual experience and the longing for freedom and independence.

The bookshop Never Stop Reading is located in the old town of Zurich, within walking distance of the Kunsthhaus, University and ETH, on the famous Spiegelgasse, where Büchner and Lenin lived and where Dada was born in 1916. It carries a wide range of international books on architecture, photography, art and design as well as a carefully selected choice of English books and childrens' books.

As a partner bookshop of the Büchergilde Gutenberg, Never Stop Reading carries as well a small range of German-language novels and non-fiction books in Büchergilde Gutenberg's beautifully designed special editions. The bookshop also offers space for small exhibitions, especially in the field of photography, and stages a varied programme of book presentations, readings and discussions. We look forward to your visit!

KUNSTFORUM ZÜRICH

Art Museums at the crossroads: How normal will the new normal be? Francesco Bonami in conversation with Ewa Hess

The arrival of the virus - and its still virulent presence - have not only banished any idea of a blockbuster from our minds. It also influences our future approach to public events - for better, as many hope, for worse, as some fear. For the new big house in Zurich, this could be an opportunity to set the right course from the very beginning.

The Kunstforum Zürich is talking about this with art world protagonists who are experts in wringing it's secrets from the future.
